

The map is a detailed site plan showing a residential or commercial development. It features several detention basins and Best Management Practices (BMPs). Two basins are highlighted with purple stippling and labeled with callout boxes: a 60,000 CF basin at the top and a 300,000 CF basin on the left. Various BMPs are labeled in green, including BMP-24-01, BMP-24-03, BMP-24-04, BMP-24-05, BMP-24-06, BMP-24-07, BMP-24-08, and BMP-24-09. The map also shows topographic contours, roads (Atlantic Ave and Meadow Lane), and building footprints. A dashed green line indicates a path or boundary across the site.
