

All submissions for continued hearings need to be filed at the Zoning Board office at least a week plus one day prior to the next hearing. This will allow for the submissions to be included in the Board's packets that will be delivered one week prior to the hearing. This benefits the applicant as it allows the Board to review the materials prior to the meeting. Submissions can of course be filed after this date, or at a zoning board meeting, but the applicant should be aware that in most cases, this may lengthen the decision making process.

Jennifer Oram  
Assistant Clerk, Zoning Board of Appeals
